

## RAYMOND

The site of the One Million Dollar Factory of the Canadian Sugar Factor, Ltd. In the center of the best-raising district of Southern Alberta.

## Raymond Recorder

APR 6 1933

RAYMOND

A live town in a rich agricultural and stock-raising district. A good place to make your home.

Vol. 32

THURSDAY, APRIL 6, 1933

No. 5

Board of Trade  
Survey Conducted

The Town of Raymond, through its Board of Trade, made today, a complete Town Survey of every house, building lot and public building located there.

This undertaking was for the purpose of giving direction and suggestions to each property owner, for the beautification and the development of civic pride, of the Sugar City.

Because of the success of its beet sugar industry, Raymond has suffered less than most localities from the present slump. Its people are proud of their homes, and determined to beat depression by local activity.

The Survey was directed by experts from the Government Service, headed by Dr. W. H. Fairfield, A. E. Palmer, M. L. Freng and J. Coyle. Each section of the town was covered by a local committee. The Section Chairmen being A. D. Woolley, Mayor W. G. Meeks, Geo. O. Court and T. C. Wood.

At the close of this survey, a meeting of all the workers was held in the Town Hall, Dr. Fairfield and others giving pointers and advice.

They recommended taking out surplus and crowded trees, rather than mutilating and cutting off the large trees to mere stumps. Trees should be left to reach full age and beauty, but when planted too thickly, should be thinned out.

Irrigation ditches should be carried into lots by culverts or bridges rather than wide unsightly ditches which are continually being dug up. At least a wooden head gate and boxing should be provided.

Evergreens. Firs, Pines and Spruce should be planted in small clumps for winter color in every home ground.

Th efforts made will be contagious. Each property improved will encourage neighboring effort. Use plantings from the River. Mr. Freng's office in Lethbridge can give location of River seedling trees and shrubs.

Every lot containing farm animals, should be screened from street and house, by high hedge, board fence, or caragana or willows. Caragana stock one year seedlings, can be secured through Provincial Government without charge. The Raymond Board of Trade has placed the initial order for the district.

Front fences need special care. Wire, ornamental type is recommended and should be painted.

Lawns to be planted; buy only Kentucky Blue Grass at the rate of 20 lbs. to 1 lb. of White Dutch Clover. Do not buy cheap mixtures. Old lawns, where thin, need light application of Phosphate Fertilizers.

There were many homes noted Class A, special mention being made of the home and grounds of Ray Knight, Dr. Leech, J. H. Walker, Wm G. Meeks, S. B. Card, T. C. Wood, and L. J. Paik. The Raymond Town Hall and Agricultural School were given a high rating. It was pointed out, however, that the other public buildings, were badly in need of beautification and the governing bodies will be urged to move along these lines.

The Survey Sheets for each property will be mailed to the owners and the survey will be followed by a clean up, paint up, plant up campaign, with prizes offered for the greatest improvement where shown.

Chas. Quinton returned to his home west of Cardston last week, after spending a few weeks here with his sister, Mrs. Annie Thompson.

JACKS TO PLAY IN  
VICTORIA

In answer to a telegram sent by M. R. Woolf, over the week-end regarding Dominion Basketball playoffs, he received a wire, stating that due to the tragedy which happened to the Toilers team last week that Manitoba would not take part in the play-downs and that Saskatchewan had decided to withdraw, and that Raymond would play with Victoria for the Dominion title in a three game series next week, which will take place Wednesday, Friday and Saturday, April 12, 13 and 14th.

The boys will leave here Monday evening and will arrive in Victoria on the afternoon of their first game. The best wishes of every citizen of the Town will go with them, and we are sure they will give a good account of themselves against the Pacific Coast quintets for the Dominion Crown.

Raymond fans will not have a chance to see Championship games this year in the playoffs, but the fact that the boys get into the big time should compensate for this, and it is an even bet or better that the Dominion crown this year will stay with the Jacks and in Alberta. Give the boys your best wishes anyway.

A good crowd was present at the Capitol Theatre Friday night for the drawing on the Free Radio given away, which was won by Miss Edna Olson.

When Lawrence Bruce, aged 23 of Medicine Hat took off in his glider Sunday afternoon, he went fine for a while then the plane or glider went into a tail spin, and crashed from a height of 220 feet and Lawrence was in the hospital unconscious for many hours following the crash.

APRIL SHOWERS BRING  
MAY FLOWERS

The old adage is not much comfort in the midst of a young hurricane like we had Monday forenoon and again Monday evening and all during the night. Starting at about 7:30 Monday morning, the snow driven before a north wind of hurricane proportions swept over the district, soaking the land again, and ensuring a healthy germination of seed when the spring planting is done.

The wind was so strong that it blew the lights out and the town was without power for awhile Monday morning, and during Monday night when the wind was doing its stuff again, the power blew on and off, and the lights were blinking away and were off at times for a few minutes and other times for only a seconds.

Monday morning for a while, visibility was next to impossible, and children on the way to school struggled their collars and made the trip as rapidly as possible. The Farmers are delighted over the additional moisture, and will start work on the land with the soil in almost ideal condition.

BOARD OF TRADE  
MEETING HELD

Despite the storm of Monday night, a good crowd was present at the Board of Trade meeting. The report of the Town Survey was presented and accepted, and a letter to be mailed with the Survey Sheet to property owners was discussed and accepted. The Paint-up Campaign was discussed and acted upon and an announcement regarding this will soon be made.

The letter from the A.A.A. regarding gas Tax Refund and Auto Licenses was discussed and disposed of as follows:—

The Board was in favor of the present refund on Gasoline purchased for agricultural and industrial purposes and did not want this changed.

The following resolution was passed regarding the Auto Licenses; and copies forwarded to Premier Brownlee and local members of the Legislature:

**RESOLVED:** That the reduction of Auto Licenses, which has been arranged by the Provincial Government applying only to licenses purchased after April 1st, is unfair to the law abiding citizens of this Province who purchased their licenses prior to April 1st.

In the Lethbridge District, citizens without 1933 licenses were retested between February 15th and March 1st for transgressing the law, whereas after March 1st, cars bearing 1932

licenses were operated entirely without control thus encouraging law breakers.

In view of the increased gas tax now imposed, we urge that the Government make a reduction of at least \$3.00 to all purchasers of 1933 licenses who bought same prior to April 1st, 1933.

Carried and Respectedly  
RAYMOND BOARD OF TRADE

Also expressing regret at the necessity of closing the Canadian Bank of Commerce branch here and copies to be mailed to those interested.

Whereas the Canadian Bank of Commerce has closed its branch at Raymond:

**RESOLVED:** That we regret the necessity of this closing, but appreciate the services previously rendered by the Bank to this community.

That we also extend to Mr. T. R. Watson and Mr. Wilford Gaetz, members of this Board our best wishes, to go with them to their future places of employment. They have been, while in Raymond good citizens, and community builders.

That a copy of these resolutions be sent to Canadian Bank of Commerce Head Office, Calgary, and also to Messrs. Watson and Gaetz.

Carried—  
RAYMOND BOARD OF TRADE  
The meeting adjourned at 9:15 p.m.

## News Notes

Joe Elder was in Court today on business.

Gordon Brewerton of Cardston was a Raymond visitor on Sunday last.

Spencer Cahoon of Cardston was a Raymond visitor on Thursday of this week.

The Legion Band was in attendance at the Basketball games in the Opera House Saturday night, and their music was greatly enjoyed by the fans.

The egg market is still depressed the Market Examiner last week quoted Extras at 9c, and prices ranged from there down to 4c per dozen. Anyway this is a good time to get a fill up on eggs without it costing much to do it.

Raymond Jacks Beat  
Shelby All Stars

Raymond had a great treat Saturday night last when the Shelby All Stars, and the Union Jacks met here in a friendly game which resulted in 53-45 win for Raymond. It was one of the fastest games seen on the local floor for years, and had the fans on their feet all the way through.

Starting at a fast clip, it was maintained throughout and the interest never waned. The visitors were breaking fast on the dribble and their passers, and had the Jacks slightly bewildered for a few minutes, but a margin of four or five points in the opening minutes of the game. The Jacks soon found themselves, and then the battle commenced in real earnest.

The score remained painfully close and it was anybody's game all the way through. The Jacks left the floor at the close of the first half with a three point lead, and at one time in the second half the score was tied at 36. Finally the Jacks put on an extra spurt, and run up a margin that gave them an eight point lead at the finish. Both teams received plenty of support, as all the outside fans were shouting for the visitors, leaving the home fans to furnish the encouragement for the Jacks.

Scott Sinclair of Lethbridge, and Selon Low, Raymond, were

in charge of the game and handled it in a very satisfactory manner.

**The Line-ups**  
Shelby—Persha 17; Micheels, 6; Travis, 4; Olsen, 10; Worthington, 5; Wright, 3; Walker, 0.—Total 45.  
Jacks—Kirkham, 20; O'Brien, 19; Fairbanks, 9; Rolfsen, 3; Nilsson, 2; Nalder, 0; W. Fairbanks, 0.—Total 53.

## IDLERS WIN FROM MAGRATH

In a snappy preliminary between the Raymond Idlers and the Magrath High School the Idlers nosed out a win to the tune of 30-36. The locals piled up a pretty good score in the first half, and the visitors were so that the margin of win slim, and Magrath fans were surely pressing hard in the second half, encouraging the High School boys to victory with plenty of rooting.

VanOrman of Barnwell, and Sabie of Magrath were in charge of the whistles.

**The Line-ups**  
Magrath—L. Harker, 6; D. Harker, 3; Turner, 13; Toomer, 4; Merkely, 0; R. Harker, 4; Bennett, 0; Miller, 0; Lloyd, 0; Wood, 0.—total 30.  
Idlers—Webster, 7; Kirkham, 19; Galbraith, 8; King, 0; Haggue, 5; Woolley, 0; O'Brien, 2; VanOrman, 0.—total 36

Baby Beef and the  
British Market"The Sign  
of the Cross"

Thrilling, magnificent, stupendous, and many other adjectives were used to express the sentiments of those who witnessed the showing of this wonderful production in Raymond.

While the story may be a little brutal in places, especially in regard to the persecutions of the Christians and a little overdrawn in some other respects, Still it is a marvel of the motion picture industry. The burning of Rome, the arena games, the wealth and frivolity that characterized the age and the humility and resignation of the Christian characters, will live long with a person, even though every detail of history in the picture is not accurate.

Everyone who enjoys history and drama combined at the meridian of time and immediately thereafter, should see "The Sign of the Cross" the mighty spectacle by Cecil B. DeMille.

Golf Course  
Will Be Splendid

Raymond will soon be the Golfing centre of Southern Alberta if the local Golf Club officials have their way.

Right now, caretaker Frank Ruten is working on the course with his tractor getting it in A1 shape making it attractive, and making the hazards hard enough to please everyone; and we are informed that a professional from Lethbridge is desirous of coming over here each Wednesday to give golfing lessons.

The local committee want 100 members and are determined to have people coming from all over Southern Alberta to play over the Temple Hill Course which is one of the finest for location and natural adaptability that could be found anywhere.

First Ward  
Mutual Closing

The Raymond First Ward Mutual Closing on Tuesday evening, April 4, was a party that will be long remembered by all those attending. The new cyclorama, purchased by the Auxiliary organizations of the ward, was used for the first time, and added much to the appearance of the stage. In fact many remarked that the stage looked better than ever before.

The Operetta "Where There's a Will, There's a Way" directed by Roi Stone and Wess McMullin was a pleasing feature of the evening, the following taking part: Glen Tollestrup, K. Radd, Mrs. Thos. Mendenhall, Mr. and Mrs. John O'Brien, Grvin Hickson, Orpha and Milo Vance, Dave Watson, Elizabeth Gemlich, Margaret Roberts, Iona McMullin, Elva and Roy Woolley, Uriel Nalder, with Miss Velma Nalder at the Piano.

Other program numbers were: Banjo Duett — Paul and Nephi Christian, Vocal Trio — Lou King, Dick O'Brien and Joe Strong, Reading, "The Middle One," — Virginia Zabriskie, Ballet, Dance — Rosemarie Wood, Olive Hicks, Maurcen Redd, Reading, "Cremation of Sam McGee" — Geo. Brewerton, Dancing and refreshments concluded the evening.

The 350 head of Baby Beef that left Lethbridge last week for the Old Country was the first consignment to leave Canada, with the Red Label trademark a red RL, on it, and we received the following approximate table of expenses from B. Roberts concerning the shipment.

These figures are based on an animal weighing 1,050 lbs., and being shipped by a Maritime port either St. John's or Halifax. In summer, when shipment could be made from Montreal, the handling charges would be some less.

Freight rate to Halifax	\$1.21
per cwt.	
Freight rate per head to Halifax	7.70
Feed, Yardage and Insurance	7.70
Ocean freight rate	12.00
Handling and selling	3.50

Total Expense	\$31.90
Cost of 1,050 lb. steer per cwt.	\$3.40

Average price in Glasgow, Scotland latest quotation, 41 per lb; Red Label cattle will bring 4 1/2d.

1,050 steer at 4.5d, at 4.60	
per pound sterling	\$90.00
Costs to shipper	25.90

Net Price of 1,050 lb. steer	\$54.10
------------------------------	---------

So that even in these times, there is good profit in Red Label beef, provided the proper quality and weight can be maintained on the animals. The British market, however, has no room for anything but the best quality that can be produced, and this market with its expanding.

Town Hall Roof  
Damaged By Wind

The young cyclone which blew during the night Monday, tore off all of the first layer of roofing on the flat part of the Town Hall roof and started the second layer in a place or two.

When people awoke Tuesday morning and passed the Town Hall the street was littered with the paper thus whipped off, and the rolls on top of the roof were of a very generous size. The barn on the east side of Broadway also collapsed during the blow so we see, what was one of the wildest nights Raymond citizens have experienced for a long while.

School will close Thursday for the Easter holidays.

Splendid Road  
Constructed

The new road from the T. W. Meldrum corner to the Stake House is a distinct credit to the Elders of the two Raymond and Welling wards, whose combined efforts have been responsible for its construction.

Last Friday and Saturday these men with trucks, teams and the help of single men, not only built a fine block of road, but they also made a parking space at the Stake House which will be greatly appreciated by all.

There were 226 loads of cinders put on the road, 9 trucks, 35 teams and 23 single men donating their time and labor to this work with splendid results. Next week we hope to have a list of the ones who took part in the work.

# AS SEEN FROM THE GALLERY OF THE ALBERTA LEGISLATURE

The investigation into the construction of roads by the department of public works, of which Hon. O. L. McPherson is the minister, is still in progress. When W. R. Howson, the Liberal leader, made his charges on the floor of the house two weeks ago some members of the C. C. F. and U. F. A. movement did not seem to take the matter seriously and thought that the whole matter would be disposed of within a day or two of the opening of the investigation, but as the investigation has progressed they have changed their mind and instead of a two day investigation it has gone on for two weeks and Mr. Howson has drawn from contractors, engineers and witnesses sufficient evidence to warrant the whole investigation being continued by a body like a royal commission which would give the public the advantage of all the facts which would be brought out by such an investigating body.

The present committee, which is the public accounts committee consists of a large majority of U. F. A. and C. C. F. members who appear to be more concerned with covering up the mistakes of their own U. F. A. Government than they are in assisting to bring the real facts to the surface. So far the U. F. A. members of the committee have not shown a disposition to assist in bringing out the facts.

Mr. Howson has brought out in evidence so far that contracts involving thousands of dollars have been let without competitive bid.

He has brought out in evidence from a paid engineer of the government that they paid \$20 per acre for scythe work which the farmers along the road considered ridiculous.

He has brought out in evidence through a paid engineer of the government that on one of the jobs involving the expenditure of a large amount of money no preliminary records

were kept, but that the records were kept by the contractor on the job.

He has brought out in evidence from one of the timekeepers that highway workers on force accounts were charged as being paid thirty cents an hour and the government was charged forty cents, which would indicate a spread of 33 1/2 per cent.

He has brought out in evidence through one of the witnesses that yards of material were paid for which never went on the road.

He has brought out in evidence that no authorization was given for some contract extras.

The amount of information which poured in to Mr. Howson from all parts of the province after the investigation had proceeded for one week led Mr. Howson to the position where he believed that the public from one end of the province to the other was becoming thoroughly aroused, and that the investigation should be continued by a body with wider powers.

Cecil Hutchinson was a Lethbridge visitor on Thursday evening last.

Mr. and Mrs. S. I. May and Mr. and Reg. Cooper were in Lethbridge on Thursday evening of last week.

Messrs. Frank Shaw, A. W. Kirkham, Ira McBride and Wally Barratt were in Lethbridge last Thursday evening.

T. C. McBeath of Calgary, was a Raymond visitor over the week-end and spoke over CJOE for a few minutes at noon on Friday.

Mrs. D. Peterson and children of Red Deer, are here visiting with Mr. and Mrs. D. A. Bennett and family. "Pete," as Raymond people know him, is in the Hospital at Calgary, under the Doctor's care, and Mrs. Peterson and the children will likely remain here until he is recovered sufficiently to return to his home and work again.

Not a week passes that you are not being canvassed by representatives of nationally advertised products to stock and push them, and to give them good window and counter displays

## Local Retailers Is It Fair?

Their Representatives tell you of the large sums of money being spent in metropolitan daily newspapers and nationally-circulated magazines, to create and maintain consumer demand, and they try hard to persuade you that such "remote" advertising will surely create and sustain large local demand

It is admitted that it is advantageous to you and your customers for you to buy nationally advertised products, but such products will sell faster if they are locally advertised, in this newspaper, in addition to being advertised in non-local publications.

There is no good or sound reason why a national advertiser should not do local advertising in his paper. You will be told, when you say to the representative of firms canvassing you to stock and push his firm's product, "Oh, we could never afford to do local advertising." What he really means when he says such words, is that he doesn't expect large local sales. If he did, then he would see that these local sales can provide a sum of money adequately to maintain a local advertising campaign.

Why should you help a national advertiser to develop his business in the territory covered by the circulation of this newspaper without advertising co-operation from him?

You provide local distribution facilities for manufacturers of branded products, and your value to them is recognized. Why, then, should these manufacturers not assist you to sell these goods, if stocked by you, by a series of local advertisements, perhaps carrying your name as local distributor, published in this newspaper?

The more frequently and vigorously you present your point of view to national advertisers, direct and through the representative who calls on you, the more surely will you persuade them to accept it

## HEAVY TOLL MONDAY NIGHT

Death took a heavy toll of life in flying accidents which occurred Monday afternoon and evening at various points in the world.

The huge United States dirigible "Akron", sister ship of the Macon, went down off the Atlantic with 77 men on board, and at latest report only four of them had been rescued. Amongst the dead or missing were some of the leading air officials of the United States, and President Roosevelt in his message called the accident a "national disaster". Officials of the air service of the States say there will be no more such large air liners built.

In Europe France lost the A-9, a small dirigible, one officer being slightly hurt. One ship which flew over Mt. Everest with a companion ship Sunday, went down Monday reported to be caused by lack of fuel, and other members of the expedition expected to locate them and drop food to them, and ascertain their condition.

A bolt of lightning during a heavy storm was blamed for the loss of the Akron in the preliminary reports given out. A full investigation is ordered of the affair.

## News Notes

April Fool has come and gone with its usual share of jokes, both pleasant and unpleasant.

**FOR SALE**—Single Bed, complete; also full size mattress. Phone 138 or see Mrs. Thos. Allan. A. 13

**WANTED**—About 300 Eggs Incubator. Hot water type. Must be Cheap for Cash. Call at Recorder Office.

**FOR SALE**—1/2 Section, all broke except 5 acres; 4 miles south of Raymond. House, barn Chicken house, \$12 per acre.

Jack Hervey has been ill with the flu for the past week but is getting around again now, although not feeling very well.

Roads were drying nicely by the end of the week following the heavy snow storm, but dirt roads were treacherous and people leaving the gravel with any heavy loads were taking big chances.

The Idlers are going to Calgary Friday to play, off the Provincial finals there on Friday and Saturday nights. Earl Zemp is accompanying them there, and will there await the Jacks where he will join them and go to the Coast with them for their series there.

The fixtures out of the Canadian Bank of Commerce were dismantled on Tuesday of this week, and shipped to Lethbridge. "Mutt" Ralph had the contract for the hauling of them. The staff were busy the first part of the week winding up the details of the Bank's affairs here in Raymond.

On Friday, March 31st, the Sunshine Committee of the Raymond First Ward Relief Society met at the home of Mr. and Mrs. Joseph Nilsson, where a party and social afternoon was spent with Miss Mildred Nilsson who has been ill for nearly three years, and during much of this time has been bedfast. A nice lunch was enjoyed, songs, conversation and readings occupied the time of the afternoon, and Miss Mildred felt much revived in spirits when the Sunshine Club left.

J. B. Ririe, a pioneer and prominent figure of Magrath for years, passed away there last Sunday at 11 a.m. He was a lover of good livestock, and passing the love on to his sons, they are nearly all breeders of prize winning stock in the types they keep. Mr. Ririe has served in all public offices of the Town and has always been active in Church work.

The I. H. C. has again this year decided to peg the price of wheat at 75c. per bushel which will apply on cash payments on and after April 1st, and be applied at the same rate on all notes due and payable in 1933 which are paid within ten days after they fall due. This will help.

R. P. Murray of New Dayton, Noel Brandley of Stirling, and R. M. Matson of Magrath were all here for the Municipal Meeting Tuesday afternoon, N. W. Peterson, Fred W. Romeril and R. S. Orgill making up the remainder of the Committee.

Reduction of the relief allowances in Calgary, seems very likely to result in a strike, the consequences of which no one can tell as there are 4,000 unemployed men directly affected, to say nothing of families of many of them.

## BYRON WALL GOING BACK TO NEW YORK HONORS DIVIDED AT TRI-STAKE MEET

In answer to a telegram received recently regarding his patented inventions Byron Wall will leave again soon to go back to New York and talk sale with some of the interested parties there.

We understand from reliable sources that the Ash Tray and the Automatic Telephone Lock particularly are causing much interest and Byron is hoping that sale of these will be made shortly. His brain seems to be full of new ideas and he has several new ideas in mind now that he is going to come back here.

The success of this trip to the Big City will be watched with interest by the hundreds of friends of Byron in Raymond and district.

## News Notes

Teams and trucks were busy on Friday and Saturday both, placing cinders on the road to the Taylor Stake House. This project was carried out by the Elders Quorums of the two Raymond wards.

Chas. Walton went to Lethbridge Thursday to the bedside of the son of his brother David who was accidentally shot near the heart with a .22 calibre rifle on Wednesday. Details are not yet known.

"Mutt" had a real truck load and the Ralph boys had a real job when they loaded the big three ton safe from the Canadian Bank of Commerce into the truck Tuesday afternoon to take it to Lethbridge. They were the centre of attraction all night during the loading process.

The honors were pretty well scattered out at the Tri-Stake meet in Cardston Saturday evening last. The winnings being as follows:

"M" Men Speech: R. Hill, Taber, Lethbridge Stake.

Cleaner Speech: Miss Bessie Wight, Lethbridge Stake.

Junior Girl's Story: Charlene Hinman, Hartley Ward, Alberta Stake.

Vanguard Story: Samuel Hornberger Orton, Lethbridge Stake.

Drama: Alberta Stake Taylor Stake and Lethbridge Stake in the order named.

Dance: Taylor, "Alberta and Lethbridge, in order named."

Original Dance: Taylor Stake first with a Tango of five changes, composed by Kenneth Stone, according to Handbook Rules and complimented by W. O. Robinson of Salt Lake City who judged the events. The Alberta Stake was second in this event.

Quite a large number of Raymond people attended the try-outs and a number of them spent Sunday in Cardston.

In a last minute rush for License plates on Monday of this week at Lethbridge, that office issued 118 sets for various kinds of vehicles. Tuesday was not so rushed.

Mr. and Mrs. T. Geo. Wood left Wednesday morning for Utah, where they will attend the Annual Conference of the L. D. S. Church; Mr. Wood also has some business to attend to. They went by train from Sweet Grass. Mr. Wood expects to be back about the 15th, but Mrs. Wood will likely remain until the expiration of the Excursion rate dates.

## News Notes

### "BACK STREET"

Mr. and Mrs. Jos. Elder were in Lethbridge on business on Wednesday.

Mr. Bill Evans spent Wednesday afternoon with Mr. Bob Graham at the latter's farm, one and a half miles east of town.

Merrill Palmer returned last Saturday after a visit with relatives and friends in Hill Spring and district.

Washing windows and the front of business premises proved the most popular thing in town Tuesday morning, following the high wind and snow Monday night, which plastered the fronts of business blocks with a mixture of dirt and snow, making them anything but inviting in appearance.

The Adult Class party of the Second Ward Mutual on Tuesday night was voted a big success by the one hundred people present. The evening was crammed full of happiness in the way of games, refreshments and dancing and everyone who attended had a grand and glorious time.

## WHERE ALBERTA UNIVERSITY GRADUATES ARE FOUND

Permanency of the value of the University of Alberta to the cultural and professional life of the province is illustrated by a report showing the present residences of university graduates. Total students graduated since the founding of the university 26 years ago is 2,166. Only 123 of these are permanently resident in the United States, a total of 1,366 of the graduates are resident in the province, 359 reside in other provinces, while 37 are outside the North American continent.

## News Notes

### "BACK STREET"

Byron Vance has been appointed Deputy Constable for Raymond during the sick leave of Cons. VanOrman.

Constable R. A. VanOrman, who has been ailing for some time entered a Calgary Hospital the first of the week, and will be operated on either today or tomorrow for intestinal trouble which has been bothering him for sometime.

Symphony of 6 Million Sat.

Hog prices have been coming up recently and last week were quoted on the Calgary market at Selects \$5.75; Bacon \$5.25 and Butchers \$4.75. Other livestock remained practically unchanged. This rise in price comes at a time when there are not many hogs on the local market.

### "BACK STREET"

Messrs. Watson and Gaetz of the Canadian Bank of Commerce took their departure from Raymond today, after settling the affairs of the Bank wound up satisfactorily.

Chas. Walton reported Thursday evening after his return from Lethbridge, that his brothers 12 year old boy was feeling fine, and that the accident happened when he was cleaning his 22 rifle. The newspaper report that he tried to commit suicide was entirely without foundation, and the boy walked a mile and a half after the bullet hit him just below the heart.

Symphony of 6 Million Sat.

The Municipal meeting on Tuesday was concerned with the preparing of evidence for the forthcoming lawsuit over the son of D. H. Elton, and the mill rate was set at 4 mill conditions, and the lawsuit coming up which will be rather expensive, it was decided not to undertake any new road work this year and what is done will be in the way of maintenance.
